**RWC Partners responds to tender offer by Searchlight Capital for all outstanding shares of Opus Group AB**

The RWC European Focus Fund (RWC EFF) acknowledges today's announcement by Searchlight Capital of an offer for all outstanding shares of Opus Group AB. RWC EFF considers at this stage that the offer price of SEK 7.75 per share undervalues the company and wishes to make it known that it does not currently intend to tender its shares. RWC EFF has been a shareholder in Opus Group AB since October 2015 and currently holds 57.8mn shares, representing 19.9% of the company's outstanding share capital.

The benchmark index is included to show the general trend of the securities markets in the period indicated. The portfolio is managed according to its investment strategy, which may differ significantly in terms of security holdings, industry weightings, and asset allocation from those of the benchmark index. Portfolio performance, characteristics and volatility may differ from

the benchmark index. No representation is made that the portfolio's strategy is or will be comparable, either in composition or regarding the element of risk involved, to the securities comprising the benchmark index. Changes in rates of exchange may cause the value of such investments to fluctuate. An investor may not be able to get back the amount invested and the loss on realisation may be very high and could result in a substantial or complete loss of the investment. In addition, an investor who realises their investment in a RWC-managed fund after a short period may not realise the amount originally invested as a result of charges made on the issue and/or redemption of such investment. The value of such interests for the purposes of purchases may differ from their value for the purpose of redemptions. No representations or warranties of any kind are intended or should be inferred with respect to the economic return from, or the tax consequences of, an investment in a RWC-managed fund. Current tax levels and reliefs may change. Depending on individual circumstances, this may affect investment returns. Nothing in this document constitutes advice on the merits of buying or selling a particular investment. This document expresses no views as to the suitability or appropriateness of the fund or any other investments described herein to the individual circumstances of any recipient.
